SATIRE

The dangers of arbitrary and inconsistent viewpoint censorship are only exacerbated when enforced by police states (that masquerade as democracies) using opaque procedures that fall egregiously short of due process and are insensitive to context, such as sarcasm, lampooning, parody, humor & satire.

Dear Supporters,

As you well know, I am at an advanced age where I should be drooling in a wheelchair in some rat-hole of a seniors care home while some God-forsaken neo-nazi nurse is draining what fluid is left in my pineal gland for the macabre use by corporate human vampires.

With that in mind, I have been giving serious thought to my futile efforts to get America to WAKE THE FUCK UP ! and have therefore decided to throw in the towel. Our country needs a young leader, not some doddering old fart like Trump, Biden, Warren or me.

The best I've seen out there so far is Andrew Yang and Tulsi Gabbard. So I will be throwing my full support behind those two candidates in the 2020 election.

Should a Yang/Gabbard ticket fail to take the White House in next year's election contest, I will be packing my ass in a suitcase and moving the hell to Canada. And I recommend that you all do the same.

sincerely,

"Comrade" Bernie Sanders
